Crosswalk Doorglass
686-CWK

Bruce and Suzy Carden started Carden Door Company (CDC) in Mason, Ohio, in the spring of 1998. Prior to opening CDC, Bruce had been a leading Salesman & Sales Manager at two of the country's top Window & Door companies.

Our philosophy is very simple - we build a better door at reasonable prices. We do not believe you should have to spend time negotiating to get a good price. Every day great prices are our norm and high quality is our standard.

We believe that your next door should be as individual as you and your home. So many other areas of your life aren't cookie cutter, so why should your entry door be any different? The first impression of your home can increase your home value by as much as 6%!

The craftsmen at CDC will create your unique door using Mahogany, Fir & Oak Fiberglass or Premium High-Definition Steel. We also offer many species of real wood, and offer custom touches such as customized beveled glass and wrought iron, as well as several other options to fit your needs.

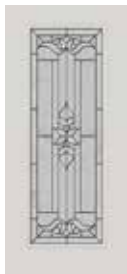

We also offer many options of door frames, all of them are at a minimum treated against rot. Many models are available with a vinyl covered jamb with no maintenance.

For a first impression you can be proud of, call your "next door" neighbors at Carden Door Company.

BRAINSTORM GLASS

Dialogue Layered Glass™

Ceramic Frit Layered Glass

Dynamic Privacy Level = 5 – 7

686-BRS | 612-BRS

607-BRS

684-BRS

694-BRS | 493-BRS
690-BRS

Dialogue takes on a personality of its own as layers of glass interact with one another, with light, and with movement. Each of the line's six ceramic frit patterns changes. Patterns come to life, shapes are revealed, and shadows dance as light and movement engage in a dialogue with the glass. Dialogue layered glass creates dynamic privacy that changes, just as the doorglass patterns do, with light and proximity.

Authentic Design for the Architect Enthusiast™

Architectural style is what gives a home character. The charm of bungalows. The geometric patterns of mid-century minimalism. History revisited in Georgian revivals and Colonials. The horizontal stretch of ranch homes and the vertical stack of bi-levels and tri-levels.

Spotlights gives you options that make it easier to meet your renovation and construction goals. Five doorglass sizes and seven glass options give you flexibility to create a unique look that complements the architecture of your home. Small and large glass sizes, horizontal and vertical shapes, and choices for the number, orientation, and type of glass give you plenty of flexibility for exactly the style, privacy, and price you desire.

ENCLOSED BLINDS

Clear Glass

Enclosed Blinds
686-RLB

- The single operator lets you raise, lower or tilt the blinds in an easy slight movement.
- Blinds adjust for complete light block, and the privacy channels on each side eliminate light gaps when the blinds are closed—no street light shadows or sunlight glare.
- More privacy at night and increased sense of security.
- Available in Tan or White blinds.

FiberMate® White

CRAFTSMAN

Designed with architectural style in mind, to blend with the finishing details of the door and home.

Flat Profile

Includes Flat & Domed Screw Hole Covers

Available In:

FiberMate® Mahogany

FiberMate® Oak

HP® White

FRENCH DOOR SOLUTIONS

ULTIMATE FLIP LEVER™ ASTRAGAL

The Ultimate Flip Lever Astragal delivers enhanced accessibility for French doors and eliminates infiltration.

Easy-to-use Flip Lever eliminates bending and reaching.

Flip Lever raises boot and bolt for easy operation.

Flip Lever lowers to seal and secure the unit.

MULTI-POINT ASTRAGAL (MPA)

Get the added sealing and security of a multi-point lock without the multi-point price tag.

MPA works with standard deadbolt packages for enhanced savings.

Three secure sealing points are built into the astragal and fight infiltration and deflection.

US Patents: 5,857,291; 6,491,326; 8,157,298; 8,157,299; 9,097,043; D571,932. Canadian Patents: 2,342,941; 2,693,833.

Powered By Endura™

POWERED BY ENDURA™ COMPONENTS. SMARTER PERFORMANCE FOR YOU.

Door systems Powered By Endura™ components are engineered to create smarter, better experiences for everyone, every time. Endura's innovative solutions work together to account for real-world challenges you face each day, delivering secure, hassle-free performance, and unmatched quality and value.

TRILENNIUM® MULTI-POINT LOCKING SYSTEM

Unmatched Strength. Ultimate Performance. Backed by the industry's highest ratings for structural and forced entry performance, Trilennium delivers 3x the strength, 3x the security and 3x the performance in one system.

- ▶ **Unmatched Strength:** Protects with the power of three deadbolts, while I-beam lock construction strengthens the door panel.
- ▶ **Unmatched Performance:** Bolts pre-engage when unlocked to fight deflection at all times, and can correct misalignment up to 3/16" in three directions once engaged.
- ▶ **Unmatched Operation:** A single turn of the thumbturn or key is all you need to unlock the door. With Panic Release, a single turn of the interior lever unlocks the entire system.

EMTEK® HANDSET COLLECTION
