## customizing your glass

**caming** Found your ideal glass design but would like a different caming ( metal between glass pieces )? With our custom glass program, all glass designs can be fabricated with the caming of your choice. Our present caming selection is: satin nickel, black patina and brass.

**sizes  
shapes  
patterns** Carden Door Co. LLC offers a full custom glass service. If your requirements include custom shapes, sizes or patterns just let us know - one unit or thousands, we can bring your designs to life.

**wrought iron** Custom wrought iron designs and sizes are a key focus of Carden Door Co. LLC. Share your ideas, and we can make them a reality.
